SKILLS

Kubernetes | Microsoft Azure | Docker | Docker Compose | Amazon Web Services | Ansible | Azure DevOps | Bash | Elastic Stack | GitLab CI | GitHub Actions | Grafana | Jenkins | Groovy | Linux Servers | OpenShift | Python | Zabbix

RELEVANT PROFESSIONAL EXPERIENCE

Agap2 Spain | DevOps Engineer | May 2024 – Now

Built and managed CI/CD pipelines with Bitbucket Pipelines, GitHub Actions, and Jenkins. Administered Azure cloud infrastructure, including AKS, Blob Storage, and WebApps. Deployed and scaled containerized apps using Kubernetes and Docker. Monitored systems with Grafana and Elastic for performance and troubleshooting.

Technologies:

Kubernetes | Docker | Bitbucket Pipelines | GitHub Actions | Jenkins | Microsoft Azure | Grafana | Elastic | Linux Servers.

Talan Spain | DevOps Engineer | April 2023 – February 2024

Used Azure and AWS services for active service administration and implemented Ansible pipelines for post-configuration management. Utilized Python for automation problem-solving.

Technologies:

Kubernetes | Docker | Microsoft Azure | Amazon Web Services | Grafana | Python | Terraform | Ansible.

OTG | DevOps Engineer | May 2022 – June 2023

Built and maintained GitLab server and CI/CD pipelines using Jenkins, Groovy, and Docker. Managed infrastructure with Ansible and monitored services with Grafana.

Technologies:

GitHub Actions | GitLab CI | Jenkins | Groovy | Shell | Grafana | Docker | Docker Swarm | Ansible | Linux Servers | Windows Servers.

ICBC Argentina | DevOps Engineer | May 2020 – November 2021

Orchestrated Ansible pipelines, administered Openshift (Kubernetes), and implemented ELK stack and Grafana for comprehensive monitoring. Proficient in GitLab CI.

Technologies:

Kubernetes | Openshift | Ansible | ELK | Docker | Docker Swarm | GitHub Actions | GitLab CI.
